

# THE ALLIANCE<sup>®</sup> SERVICE AREA MAP

## Use This Map to Stay In-Network

Teal counties offer the broadest selection of providers, while we continue to grow in the light blue counties.

-  Primary Service Area
-  Secondary Service Area
-  Hospital Locations
-  Specialty Hospital Locations  
Offer specialty care for children, rehabilitation, surgery or other services

## Avoid Out-of-Network Charges

Use Find a Doctor to choose a doctor or facility that is in-network.

- » If you choose a health care provider that is not in-network you will be billed the difference between what the provider charges and what your plan pays.
- » You will be billed this difference directly from the provider in addition to paying higher out-of-network charges as noted under your benefit plan.
