

DOES CO\$T MATTER TO YOU?

Then check out The Alliance’s *QualityCounts*™
Outpatient Procedures and Tests Report

- » Check it out before you schedule an outpatient procedure or test.
- » The report shows median cost as well as a high and low range for providers in The Alliance network
- » That way you’ll know what cost to expect when you have a certain procedure.
- » You may be surprised to know that cost isn’t the same everywhere you go.

The Alliance’s *QualityCounts*™ Outpatient Procedures and Tests Report provides you with access to cost information on the following procedures:

Surgical Procedures	Tests	CT (Computed Tomography) and MRI (Magnetic Resonance Imaging)
Removal of Adenoids Arthroscopic Knee Surgery Cataract Surgery Laparoscopic Gallbladder Surgery Laparoscopic Hernia Surgery Tube Insertion for Middle Ear Infections	Bone Density Test Cardiac Perfusion Scan Colonoscopy Mammogram Upper Gastrointestinal (GI) Endoscopy	Abdominal CT Abdominal CT with Contrast Brain MRI Without and With Contrast Head or Brain CT Lower Spine MRI Pelvic CT with Contrast

To access:

1. Visit Find a Doctor at www.the-alliance.org/find_doctor.aspx and click on the Find a Doctor logo.
2. Search for providers and if you see the QualityCounts logo when you search for a facility, it means you can access this information.
3. You can also find the report at www.the-alliance.org/qualitycounts.aspx.

And don’t miss The Alliance’s *QualityCounts*™ Report on Hospital Care

The Report on Hospital Care provides quality and cost information for 15 inpatient procedures at hospitals that participate with The Alliance. You’ll find it in Find a Doctor and at www.the-alliance.org/qualitycounts.aspx too.
