

DELTA DENTAL

A Benefit with Some Teeth

Oral health is about more than just pretty teeth. Taking care of what's in our mouth may be linked to other health issues such as complications with diabetes and pregnancy and impact other areas of the body, such as the heart.

With administrative discounts available through your membership in The Alliance® and performance and savings guarantees, offering this benefit to your employees will help them make these important check-ups part of their regular routine.

Why Choose Delta Dental?

The Alliance partnership with Delta Dental offers Alliance members administrative discounts, flexible options and performance and savings guarantees:

- › A 7 percent discount on administrative fees.
- › Flexible employer contribution options, including 100 percent voluntary, with no employer contribution.
- › Fully insured or self-funded options.
- › Delta Dental carefully reviews claims to ensure that non-billable services are eliminated.
- › Performance guarantees for customer service and plan administration with additional savings should guarantees not be met.
- › Additional discounts on DeltaVision® when you offer both a DeltaVision and Delta Dental plan. You can even combine bills for easy accounting.

Benefits to Enrollees:

- › Easy-to-use dental directories online and a toll-free phone line.
- › More than 130,000 participating dentists across the United States are in Delta Dental's network. This includes more than 90 percent of Wisconsin dentists and 80 percent of Illinois dentists.
- › Considerable cost savings when visiting a dentist in the Delta Dental PPO network through reduced PPO fees.
- › Exceptional customer service and claims processing.
- › Member Connection provides access to benefit summaries, claims status and Explanation of Benefits.
- › Online access to dental and vision directories and oral health resources, including an oral health risk assessment.

About Delta Dental

Like The Alliance, Delta Dental of Wisconsin and Illinois are not-for-profit organizations. That means they are committed to improving access to quality oral health care in Wisconsin and Illinois, not to shareholders. They actively partner with the oral health community to reach out to underserved populations.

Delta Dental dentists are also the most satisfied dentists. In a recent survey of all dental offices in Wisconsin, 93 percent of dentists who responded said they were "very satisfied" or "satisfied" overall with Delta Dental, well above any other carrier. In fact, the percentage of dentists who said they were "very satisfied" with Delta Dental was more than five times higher than the next highest-rated insurance carrier.

For more information about The Alliance's partnership with Delta Dental, contact a Member Services Representative at mms@the-alliance.org or 800.223.4139 x6645.
